

Tariff for Installation of Network in Non-Residential Buildings

1. The applicable tariff for the installation of a First Termination Point in a Non-Residential Premise is as follow:

Description	Charges (S\$) *
Installation of Network Charge	\$363

* Exclude GST

2. The above charge will apply to non-residential building owners, and are intended for the installation of vertical fibre/in-building cabling, ducting, enclosure and/or cable tray from the FTTB Node to the First Termination Point of a Non-Residential Premise.
